Description

For those who seek the Country Life set in an area of outstanding Natural Beauty this Finca has it all. Well for drinking Water, better than Evian, and Free, Cortijo for restoration and several other cortijos in ruins all of which could be restored /rebuilt and sold or let. The area is noted for hunting including Wild Boar, Partridge, Rabbit, Hare etc. For Electricity a Generator would be needed and perhaps Solar Power but the views would compensate for almost any minor inconvenience. At this price the Grand Estate is cheap.
